

HAZARDOUS MATERIALS 2006 MULTIMODAL TRAINING SEMINARS

National Interest, Local Appeal

WHO SHOULD ATTEND

The Multimodal Training Seminars offer something for most hazmat employers and employees. Whether you are new to hazmat transportation or a seasoned professional, breakout sessions are presented to increase your knowledge for the safe and secure transportation of hazmat.

Each seminar begins with a **General Session** that provides overviews of the Department of Transportation's Hazardous Materials Program, what you need to know about the Training Requirements found in the Hazardous Materials Regulations (HMR), and what to expect during the seminar. The remainder of the two-day seminar consists of **Concurrent Breakout Sessions**. Sessions are organized and scheduled into four different tracks. You can follow a specific track or you can attend only those sessions that best meet your needs. Each

session is offered twice to help you maximize your seminar experience. Descriptions of the breakouts are provided below.

BREAKOUT DESCRIPTIONS

HAZMAT BASICS

- **How to Use the HMR** – review how to locate specific information in the HMR using the Hazardous Materials Table and to identify: proper shipping name, hazard class/division number, identification number, packing group, packaging references, special provisions, mode restrictions.
- **Package Selection, Marking and Labeling Requirements** – learn how to select the proper package to transport a non-bulk hazardous material, properly mark the package, and label the package.
- **Shipping Papers and Emergency Response Information** – learn how to properly describe a hazardous material on a shipping paper including additional descriptions and emergency response information.
- **Placarding Requirements** – learn how to determine the required placarding when offering and/or transporting hazardous materials.

Please bring your 49 CFR to the Seminar.

SAFETY AND COMPLIANCE

- **Transporting Hazardous Materials by Air, Highway, Rail and Water** – review hazmat safety and compliance issues unique to each mode of transportation. Sessions will be provided by representatives from the Federal Aviation Administration, Federal Motor Carrier Safety Administration, Federal Railroad Administration, and the U.S. Coast Guard.
- **Pipeline and Hazardous Materials Safety Administration Inspection Program** – review safety and compliance issues related to the inspection of hazmat offerors and those who manufacture, requalify, rebuild, repair, recondition, or retest packaging (other than cargo tanks and tank cars) used to transport hazardous materials.
- **State Hazmat Enforcement** – learn how the State, where the seminar is held, enforces the HMR and discuss safety and compliance issues unique to the State.

REGULATORY AND LEGAL REVIEW

- **Regulatory Process and Update** – learn how the HMR is changed and how you can provide input to the regulations. Also discuss recent regulatory changes to the 49 CFR.

For information call: (202) 366-4900

- **Legal Review and Update** – review recent and pending decisions and issues concerning the relationship between Federal, State, and local hazmat requirements and preemption. Learn what recently changed in the Federal Hazmat Law.
- **Special Permits and Approvals** – learn how you can apply for a special permit or approval which allows you to perform a function that is not currently authorized under the HMR.

HAZMAT ESSENTIALS

- **How to Use the Emergency Response Guidebook** – review how the DOT Emergency Response Guidebook is organized and how it can be used during the initial phase of a hazmat incident.
- **Infectious Substances** – learn about the requirements for offering and/or transporting infectious substances.
- **Hazmat Transportation Security Requirements** – provides an understanding of the security threat, an overview of the specific requirements of HM-232, and suggestions and guidance on how to comply with the security regulations.
- **Applicability of the HMR to Loading, Unloading, and Storage (HM-223) and Incident Reporting (HM-229)** – learn about two rules that recently were published.

SEMINAR AGENDA

DAY 1

- 7:30 - 8:30AM **Registration**
- 8:30 - 10:00AM **General Session**
- 10:15 - 11:45AM **Concurrent Breakout Sessions (choose one)**
 - How to Use the HMR
 - Transporting Hazmat by Air
 - State Hazmat Enforcement
 - Regulatory Process and Update
 - Hazmat Transportation Security Requirements
- 1:15 - 2:45PM **Concurrent Breakout Sessions (choose one)**
 - Package Selection, Marking, and Labeling Requirements
 - Transporting Hazmat by Highway
 - State Hazmat Enforcement
 - Legal Review and Update
 - Infectious Substances
- 3:00 - 4:30PM **Concurrent Breakout Sessions (choose one)**
 - Shipping Papers and Emergency Response Information
 - Transporting Hazmat by Water
 - Special Permits and Approvals
 - How to Use the Emergency Response Guidebook
 - Applicability of the HMR to Loading, Unloading, and Storage (HM-223) and Incident Reporting (HM-229)

DAY 2

- 8:30 - 10:00AM **Concurrent Breakout Sessions (choose one)**
 - How to Use the HMR
 - Placarding Requirements
 - Transporting Hazmat by Air
 - Transporting Hazmat by Rail
 - Regulatory Process and Update
- 10:15 - 11:45AM **Concurrent Breakout Sessions (choose one)**
 - Package Selection, Marking, and Labeling Requirements
 - Transporting Hazmat by Highway
 - PHMSA's Inspection Program
 - Special Permits and Approvals
 - Hazmat Transportation Security Requirements
- 1:15 - 2:45PM **Concurrent Breakout Sessions (choose one)**
 - Shipping Papers and Emergency Response Information
 - Transporting Hazmat by Water
 - Legal Review and Update
 - How to Use the Emergency Response Guidebook
 - Infectious Substances
- 3:00 - 4:30PM **Concurrent Breakout Sessions (choose one)**
 - Placarding Requirements
 - Transporting Hazmat by Rail
 - PHMSA's Inspection Program
 - Applicability of the HMR to Loading, Unloading, and Storage and Incident Reporting
